

Vehicles having a weight of 10,000 lbs. or more, including the load therein, are considered restricted by City Ordinance.

Restricted vehicles must travel exclusively by State and County Roadways and City Truck Routes.

For deliveries, restricted vehicles must use the shortest possible path between the truck route and destination; first by major roads, then by local roads.

Seasonal load and speed restrictions are strictly enforced.

Refer to Chapter 82, Article IX in the City of Walker Code of Ordinances for complete regulations.
